*N. B. The figures with the letter "b" prefixed refer to issues of the Journal as a monthly, beginning with September, 1920. The figures without this letter prefixed refer to the January, April and July, 1920, issues of the old Quarterly. This device is made necessary by the fact that the page numbering of the old Quarterly was not continued in the monthly issues of the same volume. These began in September with folio number 1.*
